

---

This is the original trainer for Hitman Absolution V1.0.433.1 to make the game easier for you! We think this is one of the best trainers out there because it fixes all your in-game bugs and crashes to make it much more enjoyable to play, plus, it has a lot of extra features that will help you in-game! Now with weapon upgrades, infinite ammo, unlock weapons at level 1, instant mission ender/restarter and many more amazing features. If you are having problems running the trainer or you are running an older version of Windows, it is recommend that you run the "Windows 8/8.1" version of the trainer. We also include a download link for this version if required.
